Society, Nagpur

SECRETARY NOTE

For 15 years I've been active in the social sector and working with CSO, one of the substantial real-life challenges in 2023 is that many old people are being abandoned by their family. The numbers of such cases are devastating and show our failure as a society. Such problems do not exist in developed countries.

Yugant Yogesh Kumbhalkar

That's where our society decided to take action and established this facility where we aspire for the empowerment of destitute old aged people. Since 1995, we are running **Swami Vivekanand Old Age Home** Facility, Savner, Nagpur assisting hundreds of such old, abandoned, and abused people the love, care and dignity they deserve during the second innings of life. We are constantly striving to ensure better facilities, help distressed senior citizens with counseling and medical facilities, and provide everything required to live a happy life further. We share a bond of true love and relish our time as one family. I consider myself truly blessed for having this platform of opportunists to serve elderlies. We take immense pride in running this facility and pledge to make this a model for senior's citizen's home in the coming years.
